Declaration of competing interests

Manuscript title: The Model Knows the Textbook but Not Your Class: Curriculum Knowledge Graph Constraints for Slide Generation in Two Vocational-Education Courses

Journal: *Knowledge-Based Systems*

Authors: Suxing Liu, Byungwon Min, Zhijian Zheng, Jiahao Wang

Please tick one of the two statements below.

- ☒ The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
- ☐ The authors declare the following financial interests or personal relationships which may be considered as potential competing interests: none.

This declaration is made on behalf of all authors. It covers the whole of the work reported, including the curriculum knowledge graphs, the generated slide decks, the teacher review and the released code and data. No author holds a financial interest in, or received payment from, any organisation that could benefit from the results; the study received no specific grant from funding agencies in the public, commercial or not-for-profit sectors.

Signed for and on behalf of all authors,

Suxing Liu (corresponding author)
